Food & Beverage Manufacturing

Start Date: 1/18/2017 10:00 AM

End Date: 1/18/2017 12:00 PM

Food & Beverage Manufacturing Company Consortium 10:00 - 10:30: Networking & Continental Breakfast 10:30 - 12:00: Program GVC SHRM is partnering with the Greater Rochester Chamber of Commerce to host an initial meeting for HR leaders (managers through VP's) in the Food & Beverage Manufacturing industry. This meeting will follow the "Increasing Strategic Impact of HR" program where the participants will have the opportunity to discuss strategies and issues impacting this specific industry. It is strongly recommended that participants register and attend the "Increasing Strategic Impact of HR" program. The second phase of the meeting will focus on how this consortium should operate, so that it brings the most value to the participants. This will be an open discussion since this is the initial meeting. The draft mission is: "The consortium will facilitate networking and discussions of common issues and best practices while maintaining recognized confidentiality standards". For more information, please contact Betty Richardson at Betty@RewardingSolutionsLLC.com or 585-388-5108. Betty is the Programs Director for GVC SHRM and is coordinating this event.
