This program will use a panel of Human Resource and DEI professionals that focuses on the impact of workforce diversity on innovation.

By the end of this session the attendee will:

Be able to discuss the different DEI drivers of innovation from one or a couple of different perspectives.
Understand the Role of HR as a resource, advocate for each voice, and a champion for innovation through diversity.

Some people who are visibly different; some that are invisible; their different challenges;
Understanding when or if you are experiencing it and how it is difficult.

Understand what it means to be "inclusive";
