Data Mining - Information and Trends directly from the BLS

November 15, 2023

This program has been pre-approved for 2.0 Professional Development Credits (PDCs) by the Society for Human Resources Management and 2.0 HR General credits by the HR Certification Institute

Procuring information from the BLS (U.S. Bureau of Labor Statistics) can be an invaluable tool for an/all HR professionals. With statistics and trends ranging from Compensation & benefits, to employment projections and inflation. This Program will give HR professionals insight into the content and valuable trend data that is at their fingertips, and how to best find that information inside the BLS.

By the end of this session, participants will:

- Receive first-hand reports on current BLS trends and projections
- Understand and appreciate the breadth and depth of the data reporting and trends
- Better understand how to navigate the BLS and drill down on desired/relevant data
- How to use and present the available data as part of a report &/or proposal
